- Maryland – Washington, Frederick, Allegany and Garrett Counties
- Pennsylvania – Cumberland, Adams, Fulton and Franklin Counties
- West Virginia – Berkeley, Jefferson and Morgan Counties

The newspapers are available on microfilm on the third floor of the Washington County Free Library's Alice Virginia and David W. Fletcher Branch in Hagerstown.

## INTRODUCTION

*An Index to Hagerstown Newspapers* is a subject and personal name index to local and regional news printed in a select group of weekly and semiweekly English language newspapers published in Hagerstown between 1790 and 1890. Geographically it indexes news of what are now Frederick, Washington, Allegany and Garrett counties in Maryland; Adams, Franklin and Fulton counties in Pennsylvania and Berkeley, Jefferson and Morgan counties in West Virginia. This volume covers August 26, 1790 through February 1, 1797 of the *Washington Spy*.

This project compiles the index from available original and microfilm copies of the newspapers, with an effort to locate the most complete films. An attempt has been made to cover the major newspapers of the period rather than all the titles published. Not included are several papers which survived only a short while and were not merged into the more established titles which were the forerunners of the Morning Herald, the Daily Mail and the Herald-Mail. For a discussion of the publications of the era, see *History of Western Maryland* by J. Thomas Scharf published in 1882, *A History of Washington County* by Thomas J. C. Williams published in 1906, or "Early Maryland Newspapers" compiled by George C. Keidel in *Maryland Historical Magazine*, volumes XXVIII, XXIX and XXX.

## THE WASHINGTON SPY

*The Washington Spy* was started by Stewart Herbert, apparently in July 1790. It was the first paper published west of the Blue Ridge Mountains and therefore carried legal notices and proclamations.<sup>1</sup> In 1795 Herbert died, and his wife Phebe continued the paper alone and then in partnership with John D. Cary. After that partnership was dissolved, Mrs. Stewart Herbert became Mrs. Thomas Grieves, and she and her husband continued to issue the paper into the first months of 1797 from the English Printing Office. The exact date of the last issue is unknown; the last existing number is dated February 1, 1797 although it seems that advertising was accepted by the printers after that date.

*The Washington Spy* was the first newspaper published in Elizabeth (Hager's) –Town. It was the forerunner of the Morning Herald.<sup>2</sup> The front page contains a large number of advertisements and legal notices with news of either national or international events. The second page consists of articles of foreign and national news copied from other publications which the printer seems to have subscribed. The third page is composed of regional and local news as well as advertisements. Articles from the first page are continued on the back, which also contains literary pieces, advertisements and legal notices.

This volume of the index has been prepared from microfilm of copies of newspapers formerly owned by the Maryland Historical Society and currently owned by the American Antiquarian Society which are believed to comprise the most complete collection. The missing issues are numbers 1-8, 13-15, 19-20, 22, 32, 41, 66-67, 76, 82, 84, 88, 106, 110, 113, 115-116, 132, 145, 149-150, 155, 172, 179, 207-210, 222, 236, 238-240, 242-246, 249, 262, 280, 285, 292, 295, 300, 302, 314, 320, 324, 326-327 and 334-336. The Washington County Free Library owns *The Washington Spy* on microfilm and it is available for public use on the third floor of the Alice Virginia and David W. Fletcher Library branch in Hagerstown.

## HOW TO USE THIS INDEX

Subject headings are arranged in one alphabetical listing and include personal names, businesses, occupations, organizations, buildings, geographical locations; the names of governing bodies, agencies, boards and commissions; and a wide range of topics reflecting the news coverage of *The Washington Spy*.

*The Washington Spy* is four unnumbered pages in length and three columns across. In order to facilitate the location of an article, the pages have been referred to as numbers 1 through 4, and the columns as letters A, B, or C.

Under the desired subject heading, the user will find one or more citations similar to the following examples:

(1)						
<b>HART AND ROCHESTER</b>				(6)	(7)	
OCT	14	1790	3B			DRY GOODS AND GROCERIES. (AD).
(2)	(3)	(4)	(5)	(8)		SUBJ: GROCERS

<b>EMIGRATION</b>					(7)	
MAR	23	1791	3B			ELIZABETH-TOWN (FAMILIES LEAVING THE COUNTY).
(2)	(3)	(4)	(5)	(6)		

(1) Subject Heading

(2) Month

(3) Day

(7) Added Information:

Government agencies and officials are organized as subdivisions under the heading for the appropriate political unit of which they are a part:

**WASHINGTON COUNTY GOVT-SHERIFF**

**UNITED STATES GOVT-POST OFFICE**

Please do not hesitate to ask a staff member at the Information Desk on the 3<sup>rd</sup> floor of the Alice Virginia and David W. Fletcher Library branch in Hagerstown for assistance in using the microfilm of *The Washington Spy*.

## NEWS COVERAGE

The index provides access to all items of local or regional significance, including coverage of the following:

- (1) Advertisements (e. g. description of goods or services offered; removal to a new place of business; reward offered for runaway; etc.)
- (2) Legal notices (e. g. announcements of real estate sales, commission meetings, estate settlements, etc.)
- (3) Elections
- (4) Census counts
- (5) Crimes
- (6) Marriage and death notices
- (7) Editorials and Letters to the Editor - concerning topics of local and regional interest
- (8) Weather
- (9) Agricultural market prices
- (10) All personal names mentioned in the above contexts

In general, omissions from the index include articles of national and foreign news, texts of legislature and political speeches, works of fiction and poetry, and political commentary *unless* items in any of these categories are of local or regional significance.

## OF SPECIAL NOTE

- **Advertisements**

While the same advertisement may appear repeatedly over an extended period of time, it will only be indexed once, generally in the issue in which it first appeared.

- **Personal Names**

Because most personal names have been included exactly as they were found printed in the newspaper, there may be more than one subject heading for the same individual. For example, CASEY, SARA; CASEY, S.; CASEY, SARAH; AND CASEY, (MRS) could all refer to the same individual. The user should therefore check all possible combinations and spellings to insure finding the desired information. Names such as McNeal or VanHorne are entered without a space between the two portions of the name so that they file in a strict alphabetical order.

- **Place Names**

While the place name has been copied as it appears in print, from advertisements, articles on government agencies and events will appear under the place's current legal name (e. g. Elizabeth-Town for Hagerstown, Williams-port for Williamsport).
