A MESSAGE FROM *Our Director*

Spring is a season of growth, renewal, and new opportunities—something we at the Washington County Free Library are excited to reflect in our upcoming programs! As we move into the warmer months, we invite you to explore a vibrant lineup of activities designed to engage, educate, and inspire.

One of the season's highlights is the launch of our **"Color Your World"**

Summer Reading Program, featuring

exciting programs with partners like **Authentic Community Theater** and **Wolfe's Exotic Encounters Reptile Show**—bringing fun, educational experiences right to your community.

We are also proud to partner with the **Washington County Health Department** to host baby showers for new and expectant mothers in Hancock, Clear Spring, and Williamsport. These special events will provide valuable resources, support, and connections for parents as they begin their journey.

Craft enthusiasts will also find exciting opportunities across the county, including the **Embroiderers' Guild** program in Smithsburg, where participants can explore the timeless art of embroidery, develop new skills, and connect with fellow artisans.

These are just a few of the many programs available this season. No matter your interests, there is something for everyone at your library. We encourage you to visit, participate, and color your world with the many opportunities we have in store!

We look forward to seeing you at the library!

Library POWER USERS!

MEET COLEEN, JULIA, & LILY

BY BONNIE RAMSBURG

Colleen, mother of three, has been a devoted patron of the library for the past 30 years. She believes that "libraries are the heartbeat of the community. They provide a wonderful space for parents and caregivers seeking inspiration and connection. I've formed some of my closest friendships at the library. It's much more than just a warehouse for books." Since her children were young, Colleen has brought them to the Fletcher Branch, where they have fond memories of Storytime with Miss Abigail. They enjoyed playing at the Lego table, exploring the collection of books and DVDs, and participating in community programs.

Now that her daughters, Julia and Lily, are teenagers, they frequently visit Tuesday nights for Creative Corner with Ms. Bonnie in the Teens Department. "Visiting the library has been fantastic for them. They can spend time together and explore their shared interests without feeling competitive. It provides a wonderful space," Colleen shares. The older daughter, Julia, appreciates the atmosphere, stating, "It's very comfortable and inclusive. You can tell that everyone who works here genuinely cares and isn't just there for a paycheck." Meanwhile, Lily, the younger daughter, has a particular fondness for the manga available in the young adult section.
